FYI - followup. Ken sent a reply saying he'll get back to him later in January.

Dr. Olden –

Best wishes for the new year. I have attached a letter outlining ACC's request for a scientific forum on formaldehyde – as we discussed at our December 17 meeting. Also attached are the various materials that we presented at the meeting. At Jim Swenberg's request, I have removed four slides from his presentation (Enclosure 4) that included data from an unpublished study. We can provide that information as soon as the study is accepted for publication.

My apologies for the size of this email. Please feel free to contact me if you have any questions about the attached material.

Steve
